Information service

When the Insured requires any information pertaining to the countries they are going to visit - for example, formal entry requirements such as visas and vaccinations, the economic or political system, the population, the language, the health situation, information about the status of borders and free circulation, requirements related to exit from the country of origin and entry into the country of destination, etc. - ARAG will provide such general information, if it is requested, by collect phone call if desired to the telephone number indicated in this policy.

The following coverages are also extended

In modification of the provisions of Article 7.1, Medical and health care, the PCR test will be included for the Insured in the event that any of the accompanying persons, registered on the same trip and in the same policy, may have tested positive while at the destination. The Insured will be required to provide the results of the official PCR in which said accompanying person has tested positive.

In modification of the provisions in Article 7.6 Convalescence in a hotel, the maximum period of coverage is extended from 10 to 14 days. The hotel accommodation costs will also be included, up to the limit indicated in the Special Conditions of this contract, when, during a trip, one of the Insured parties, as a result of medical quarantine, has to return later than the initially planned date, provided that this extension of stay is prescribed by a doctor and approved by the Insurer's medical team.

In the Travel cancellation expenses coverage, COVID-19 will have the status of serious illness as defined herein, and the exclusion set out in letter F) of the Specific Exclusions of the travel cancellation expenses cover will consequently not apply.

The following causes will also be guaranteed:

j) Due to side effects suffered by the Insured as a consequence of the coronavirus vaccine, authorised by the OMS, and which in the opinion of the insurer's medical team make it impossible for the Insured to travel on the planned date.

k) Due to quarantine as a result of COVID-19 and by medical prescription. The Insured will be required to provide the results of an official PCR test and a medical certificate attesting to their isolation.

An exclusion applies to events, complaints and illnesses that are chronic or pre-existing, in addition to the consequences thereof suffered by the Insured prior to the effective date of the policy or, where applicable, any consequences suffered prior to the last extension of the insurance.

Likewise, those events or circumstances that would initially be covered by the insurance, but they have happened prior to the effective date of the policy or the last extension of the same.

When the Insured is on board any type of land, sea or air vehicle, the Insurer will not be obliged to provide any type of service. This will be provided as soon as the Insured alights from the vehicle.

The cover provided under the Policy excludes those countries that, during the Insured's trip or stay abroad, are in a state of war, siege, insurrection or armed conflict of any kind, even when this has not been officially declared, and those that are specified in the invoice or in the Particular Terms and Conditions.

It is expressly agreed that the Insurer's obligations arising from the cover provided by this policy terminate as soon as the Insured person has returned to his/her usual address, or has been admitted to a medical centre situated no further than 25 km away from the aforementioned address.

SURCHARGE FOR CRUISES 50%

Insured with habitual residence abroad:

If the Insured's normal place of residence is abroad and the Policy has been contracted via the Internet for a trip to Spain, the premiums will be billed according to the continent of origin. This is, if the Insured person's normal place of residence is in Europe, the premium payable will be that for "Europe", and if the normal place of residence is in America, Asia or Oceania, the "Worldwide" premium will be payable.

If the destination of the trip is not Spain, in the case of an Insured person normally resident in Europe travelling to a destination in Europe, the premium payable will be that for "EUROPE". In all other cases the premium payable will be "WORLDWIDE".

In any case, coverages included in this contract for Insured Parties who are not residents in Spain are limited to trips whose destination is not their country of residence, i.e. trips to their country of residence are excluded.

Similarly, the insured capital corresponding to each of the guarantees in this policy will be that which would apply to a Spanish person abroad, and the repatriation mentioned in the General Conditions of the policy would always be to the person's normal place of residence abroad, which must be the address from which the policy has been contracted and which was reported to ARAG when the policy was taken out for the purpose of determining both the relevant premium and the limits to the cover provided.

When the Insured is normally resident in Spain and is of Spanish nationality, the territorial scope of cover for Private Civil Liability will be the whole world. When the Insured is normally resident abroad, or is not of Spanish nationality, the Civil Liability guarantee will be valid exclusively for incidents occurring in Spain.

NOTIFICATION OF JOURNEYS: The Policyholder shall provide ARAG with all data related to the travellers (names, destinations, duration of the journey) before the start of the journey. The Policyholder shall also make available to ARAG all documents relating to the persons insured under this contract, so that the Insurer can verify the accuracy of the details concerning the travellers provided by the Policyholder.

So that the Policyholder's clients, who will be the Insured parties under this policy, are aware of the guarantees covered by this insurance, ARAG will provide vouchers for the Policyholder to distribute among the clients, these being the only valid document certifying that they are Insured under the policy.

The Policyholder will include the start and end date of each trip on all Vouchers distributed.

PAYMENT OF PREMIUMS TO ARAG: Premiums will be paid monthly by cheque made out by the Policyholder and payable to ARAG on receipt of the relevant bill.

PROVISION OF SERVICES: ARAG S.E., SUCURSAL EN ESPAÑA shall be responsible for the provision of the services covered by this policy.

To facilitate the provision of urgent services, **ARAG** shall provide the Insured with documentation accrediting their rights as Policyholders, in addition to emergency instructions and telephone numbers..

The phone number of ARAG is 93 485 77 35 if the call is made from Spain, and 34 93 485 77 35 if calling from abroad.

If it is possible to make reverse charge (collect) calls in the country where the Insured Person is located, the Insurer shall accept the call.

In any case, the Insured may request reimbursement from the Insurer for calls made to the latter, as long as the cost of the calls is duly documented and justified.

If it is not possible to contact the company through the usual means, the Insured Party may contact ARAG through the WhatsApp

application on 672 608 176. This system may be **used only for the initial contact with the company and in no case can any personal data or documents of any kind be sent in order to** ensure current Personal Data Protection regulations are not violated.

- The Policyholder knows and expressly accepts the limiting clauses of this Policy and declares that he/she has received the General Conditions together with this document.

GENERAL CONDITIONS

STANDARD WEB + CANCELLATION TRAVEL INSURANCE POLICY FOR FOREIGNERS

Introduction

This Insurance Contract is governed by the terms established in these General Terms and Conditions and the Particular Conditions of the policy, pursuant to the provisions of Act 50/1980, of 8 October, on insurance contracts and Act 20/2015, of 14 July, on the regulation, supervision and solvency of insurance and reinsurance companies.

Definitions

In this Contract, the following meanings shall apply:

Insurer

ARAG S.E., Sucursal en España, which assumes the risk defined in the Policy.

Policyholder

The individual or company with whom the Insurer subscribes this Contract, and to whom the obligations derived from it correspond, except those that, due to their nature, must be fulfilled by the Insured person.

Insured

The individual listed in the Particular Conditions who, in the absence of the Policyholder, accepts the obligations deriving from the Contract.

Family members

The relatives of the Insured Person shall be considered to be his/her spouse or civil partner or any person who permanently cohabits as such with the Insured, ascendants and descendants to the first or second degree of consanguinity (parents, children, grandparents, grandchildren), brothers and sisters, brothers-in-law and sisters-in-law, sons-in-law, daughters-in-law and parents-in-law of both partners.

Serious illness

Impact on health, confirmed by a medical professional, requiring bed rest on the part of the patient or entailing the cessation of any professional or private activity during the 12 days prior to the scheduled travel date.

If the illness affects a person other than the INSURED, after the insurance is arranged, it will be deemed serious in the event of hospitalisation or the need for bed rest, and if, in the judgment of a medical professional, it requires continuous treatment and care by healthcare personnel or the persons designated for this purpose, **with prior medical prescription during the 12 days prior to the travel departure date.**

Serious accident

Any bodily injury resulting from a violent, sudden, external cause not deliberately prompted by the victim, the consequences of which prevent them from travelling normally from their regular abode.

If the accident affects a person other than the INSURED, after the insurance is arranged, it will be deemed serious in the event of hospitalisation or the need for bed rest, and if, in the judgment of a medical professional, it requires continuous treatment and care by healthcare personnel or the persons designated for this purpose, **with prior medical prescription during the 12 days prior to the travel departure date.**

Policy

The contractual document that contains the Conditions governing the Insurance Policy. The General Conditions, the Particular Conditions that personalise the risk, the supplements and appendices that are added to complete or modify the contract are all an integral part of the agreement.

Premium

The price of the Insurance Policy. The receipt will also include any legally applicable surcharges and taxes.

1. Object of the policy

Under this Travel Insurance Policy, the Insured Person who travels within the territory covered will be entitled to the medical benefits that constitute the system for traveller protection.

2. Insured

The Policyholder, or the individuals stated in the Particular Conditions, in the case of a Collective Policy.

3. Duration of Insurance coverage

In Policies with a Term of Coverage, the duration will be specified in the Particular Conditions.

The policy must be contracted before the trip begins.

If the insured person's regular place of residence is not in Spain, and he/she travels to a country other than Spain, the duration of the insured trip may in no case exceed 120 consecutive days.

When the insured person's regular place of residence is not in Spain and he/she travels to Spain, the duration of the insured trip may in no case exceed 365 consecutive days.

4. Territorial scope

The guarantees described in this Policy are valid for events occurring in Spain, Europe and countries bordering the Mediterranean, or throughout the World, as specified in the Particular Conditions.

All the articles shall apply when the Insured is more than 20 km from his/her normal place of residence.

5. Payment of premiums

The Policyholder is obliged to pay the premium when the Contract is formalised. Subsequent premiums must be paid on the corresponding due dates.

If the Particular Conditions do not specify another place for the payment of the Insurance premium, this must be paid at the address of the Policyholder.

In the event of non-payment of the premium, if this is for the first annuity, cover will not take effect and the Insurer may cancel the agreement or demand payment of the premium agreed. Non-payment of successive annuities will cause the suspension of the Policy's guarantees one month after it expires. **Cover will always come into effect 24 hours after the day on which the Insured pays the premium.**

6. Information regarding the risk

The Policyholder has the duty to declare to ARAG, before the Contract is signed, any circumstances known to him/her that may affect the assessment of the risk, according to the questionnaire provided. The Policyholder will be exempt from this duty if ARAG does not provide a questionnaire or when, even if this is provided, there are circumstances that may affect the risk assessment which are not contained in it.

The Insurer may rescind the Contract after one month from the date on which it comes to their attention that the declaration by the Policyholder contains inaccurate information or that information has been withheld.

During the validity of the contract, the Insured person must communicate to the Insurer, as soon as possible, any alteration in the factors and circumstances declared in the questionnaire referred to in this article that could aggravate the risk and are of such a nature that, if they had been known to the Insurer when the contract was being drawn up, the latter would not have entered into the contract or would have applied more onerous conditions when doing so.

If ARAG is made aware of the increased risk, it may, within one month, propose a modification of the Contract or proceed to its cancellation.

If there is a reduction in the risk, the Insured is entitled to a proportional reduction in the amount of the premium, with effect from the following annuity.

7. Guarantees covered

In the event of an accident covered by this Policy, as soon as ARAG has been notified following the procedure set forth in Article 11, ARAG shall guarantee the provision of the following services:

7.1 Medical and health care

Up to the limit indicated in the Particular Conditions of the policy, ARAG will meet costs corresponding to the activity of healthcare professionals and to healthcare establishments necessary for the care of an Insured Person who is ill or injured, **provided that this treatment has been approved by the Insurer's medical team.**

The services expressly include, but are not limited to, the following:

- a) Treatment by emergency medical teams.
 - b) Complementary medical examinations.
 - c) Hospitalisation, treatment and surgical procedures.
 - d) Supply of medication during hospitalisation or refund of its cost for injuries or illnesses not requiring hospitalisation.
- Subsequent payment for those medicines and pharmaceutical costs arising from any process of a chronic nature are excluded from this cover.**

In the event of a medical emergency arising as a result of the unforeseeable complication of a chronic disease, pre-existing or congenital condition, **or an unforeseeable complication during the first 24 weeks of pregnancy**, ARAG will only assume the cost of **immediate emergency treatment during the first 24 hours following admission to a hospital centre.**

The costs covered for this cause may in no case exceed 10% of the sum insured for medical cover.

Except in the event of a proven emergency or force majeure, **it will be the Insurer who will decide, through their medical team, to which medical centre the Insured will be sent, depending on the latter's injury or illness.**

In the case of illnesses or accidents occurring within the scope of the cover contracted, if the Insurer's medical team considers that, in view of the seriousness of the Insured Person's case, **long-term treatment is needed**, ARAG will transfer the Insured to his/her usual place of residence to continue receiving this treatment through the usual healthcare facilities available there. **In the event of the Party Insured not agreeing to the above-mentioned transfer, the Insurer's obligations with regard to payment for the services covered hereunder will cease immediately.**

Long-term treatment will be understood as being any treatment lasting longer than 60 days from the date the diagnosis was made.

Up to the limit indicated in the Particular Conditions of the policy, ARAG will also pay the cost of professional treatment for acute dental problems, understanding as such those which, due to infection or trauma, require emergency treatment.

7.2 Repatriation or medical relocation of injured or ill persons

In the event of an accident or illness involving the Insured, ARAG will cover:

- a) The cost of ambulance transfer to the nearest clinic or hospital.
- b) Supervision by its medical team, in liaison with the practitioner who attends to the Insured person who is injured or sick, in order to determine appropriate measures for the best treatment to be followed and the most suitable means for the patient's possible transfer to another, more suitable hospital or to his/her home.
- c) The cost of transferring the injured or ill person, by the most suitable form of transport, to the hospital specified or his/her usual place of residence.

The means of transport used in each case will be decided by the INSURER's Medical Team, according to the urgency and gravity of the case.

Exclusively in Europe, and always according to the criteria of the INSURER's Medical Team, a fully equipped medical aircraft may be used.

If the Insured is admitted to a hospital far from his/her home, ARAG will cover the costs of transferring the patient to his/her normal place of residence in due course.

If the Insured is not normally resident in Spain, he/she will be repatriated to his/her country of origin.

7.3 Repatriation or transport of minor children or with disability

If the Insured person who is repatriated or relocated, under the guarantee for "Repatriation or medical relocation of injured or sick persons", is travelling accompanied only by children under the age of 15 or children with disability, ARAG shall organise and cover the cost of a return journey by a stewardess or a person designated by the Insured in order to accompany them back to their home.

7.4 Repatriation or transport of the other Insured Parties

When in application of the coverage for "Healthcare-Related Repatriation or Transport of Injured or Sick Persons" or "Repatriation or Transport of the Deceased Insured Person", one of the Insured Persons has been repatriated or transported because of illness, accident, or death, and this prevents his/her spouse or first-degree ancestors or descendants, siblings, or companion from continuing the trip by the means initially planned, ARAG shall cover the costs of transporting such persons to their home address or to the place of hospitalization.

7.5 Travel by a relative in the event of hospitalisation

If the condition of the Insured Person who is sick or injured **requires hospitalisation for more than five days**, ARAG will offer a relative of the Insured, or another person designated by the Insured, a return ticket by air (economy class) or rail (1st class), so that this person can accompany the Insured.

ARAG will also pay, against presentation of the corresponding invoices, the expenses of this person's stay, **up to the limit set in the PARTICULAR CONDITIONS of the policy, for a maximum of 10 days.**

7.6 Convalescence in a hotel

If the Insured Person who is sick or injured cannot return to his/her usual place of residence in accordance with a doctor's orders, ARAG will meet the costs of hotel accommodation resulting from the extension of the stay, **up to the limit set in the PARTICULAR CONDITIONS of the policy, for a maximum of 10 days.**

7.7 Repatriation or relocation of the Insured if deceased

In the event of the death of an Insured Person, the Insurer shall organise and cover the cost of transferring the body to the place of burial. These expenses shall be understood to include those of post-mortem conditioning pursuant to the legal requirements.

Burial and funeral ceremony costs are not included.

ARAG will cover travel costs for the other Insured persons to return to their home address, if they cannot do so by the means initially planned.

If the Insured is not normally resident in Spain, he/she will be repatriated to his/her country of origin.

7.8 Early return due to the death of a relative

If any of the Insured must interrupt the trip because of the death of a spouse, ascendant or descendant to the first degree, brother or sister, ARAG will assume the cost of return travel, by plane (economy class) or train (1st class), from the person's current location to the place of burial.

Alternatively, the Insured Person may opt for two plane tickets (economy class) or train tickets (1st class) to his/her normal place of residence.

7.9 Early return due to the hospitalisation of a relative

If one of the Insured must interrupt the trip because of the admission to hospital of a spouse, ascendant or descendant to the first degree, brother or sister, **as the result of an accident or severe illness that requires hospital admission for a minimum period of five days, and this situation has arisen after the start date of the trip**, ARAG will assume the cost of transport to the Insured's normal place of residence.

When one of the Insured needs to return early for this reason, ARAG will also pay for a ticket for the person accompanying the Insured on the same trip, provided that this second person is insured under this policy.

7.10 Early return due to a serious incident in the home or professional premises of the Insured

ARAG will provide the Insured with a ticket to return to his/her usual place of residence if the Insured has to interrupt the journey because of serious damage to his/her main residence or professional premises, provided that the Insured is directly responsible for the business or exercises a liberal profession therein, brought about by fire, provided that this has led to intervention by firefighters, robbery committed and reported to the police, or serious flooding, which makes his/her presence essential, because these situations cannot be dealt with by direct family members or other trustworthy persons, **provided that the event occurred after the date on which the journey started.** Likewise, ARAG shall cover a second ticket for the transport of the person who accompanies the Insured on the same trip, provided that this second person is covered by this Policy.

The maximum economic limit for this coverage shall be the one established in the PARTICULAR CONDITIONS of the policy.

7.11 Transmission of urgent messages

ARAG will transmit any urgent messages concerning the incidents covered by these guarantees if so requested by the Insured.

7.12 Shipment of medication abroad

If the Insured, while abroad, needs a type of medication that he/she cannot purchase in his/her current location, ARAG will locate it and ship it in the fastest way possible in accordance with local laws. **Cases in which the product is no longer manufactured or is not available through the usual distribution channels in Spain are excluded.**

The Insured must refund to the Insurer the cost of the medication, upon presentation of the relevant bill of purchase.

7.13 Defence against criminal liability abroad

ARAG guarantees the Insured's defence against criminal liability, in proceedings brought against him/her in European courts concerning situations in his/her private life arising during the trip covered by this policy.

Acts caused deliberately by the Insured person according to a final court ruling are excluded.
